

Fifth Grade – Mathematics Word List

absolute value	circle	difference	expanded form	histogram
acute angle	circle graph	digit	explain	holds least
acute triangle	circumference	dimensions	exponent	holds less
addend	classify	directions	expression	holds more
algebraic	closest	distance	extra	horizontal
expression	cluster	distribution		hour
altogether	column	Distributive	face	hundreds
amount	comes next	Property	fact family	hundred-
analyze	common	divide	factor - factoring	thousands
angle	denominator	dividend	Fahrenheit (^o F)	hundredths
another	common factor	divisible	fairly likely	
answer	common multiple	division	false	identify –
approximation	Commutative	divisor	fewer than	identifies
area	Property	dollar sign (\$)	fifteen	important
around	compare	double bar graph	finite/infinite	impossible event
arrange	compass	doubles	flipped	improbable
array	completely	dozen	foot (ft) feet	improper fraction
Associative	composite	duplicate	formulas	inch (in.) - inches
Property	number		fourteen	incorrect
attributes	concave	each	fourth	increase
average	cone	edge	fraction	inequality
axis - axes	congruent	eighteen	fractional part	information
	contents	elapsed time	frequency table	inside
	convex	elevation	function	integers
bar graph	coordinate plane	endpoint	function table	intersecting lines
base	coordinates	enough		inverse
behind	corner	equal	gallon (gal)	operations
belongs	correct	equal groups	gap	irrelevant
between	cost	equal to	gram (g)	isosceles
both	count	equally likely	graph	isosceles triangle
bought	cube	equals sign	greater than	
build	cubic centimeter	equation	greatest common	join
buy	cubic units	equilateral	divisor (GCD)	
	cup (c)	equilateral	greatest common	kilogram (kg)
calculate	cylinder	triangle	factor (GCF)	kilometer (km)
capacity		equivalent -	grid	
Celsius (^o C)		equivalency	group	label
cent - cents	data			largest
center	decimal	equivalent		leaf
centimeter (cm)	decimal point (.)	fraction	half	least
central angle	decimeter (dm)	equivalent	half inch	least common
certain event	decrease	fractions	half-dollar	denominator
chances	degrees	equivalent ratio	half-hour	(LCD)
change	denominator	estimate	heads up - down	least common
chart	describe	evaluate	heavier	multiple (LCM)
check	determine	even	heaviest	least likely
choose	diagram	event	height	length
chord	diameter	exactly	hexagon
