Draw:

PROPERTIES OF MATTER

Draw an example of each type of matter in the correct box. List properties of each example (what does it look like? feel like?)

| Solid example | properties |
|---------------|----------------------------|
| | - - - - - - |

| Liquid example | properties |
|----------------|----------------------------|
| | - - - - - - |

| Gas example | properties |
|-------------|----------------------------|
| | - - - - - - |
