

Self-Employed Income Analysis

Borrower Name			
Property Address			
<p>General Instructions: This form is to be used as a guide in Underwriting the Self-employed borrower. The underwriter has a choice in analyzing the Individual Tax return by either the Schedule Analysis Method or the Adjusted Gross Income (AGI) Method. The Schedule Analysis Method derives only self-employed income by analyzing Schedules C, D, F, K-1, and 2106. Non-business income such as dividends, interest, and rental income should be summarized separately on the loan application.</p>
