

# Sweet Treats

Name \_\_\_\_\_ Date \_\_\_\_\_

Look at each array.  
Write a multiplication sentence.

The display case contains the following arrays:

- Top shelf: A heart-shaped tray with 4 pastries, a rectangular tray with 6 pastries, and a rectangular tray with 12 pastries.
- Second shelf: A rectangular tray with 16 pastries, a rectangular tray with 8 pastries, and a rectangular tray with 16 pastries.
- Third shelf: A rectangular tray with 16 pastries and a rectangular tray with 16 pastries.
- Bottom shelf: A rectangular tray with 16 pastries and a rectangular tray with 16 pastries.

A panda character is standing to the right of the display case, holding a tray of pastries.
