

Home Map Coloring Worksheet

After coloring your different natural areas or features, compare your map to other maps and see how you did. Use the answer key that goes with the map. There are additional coloring worksheets and coloring pages at www.funfonix.com to help you learn and understand the complexity of the world.

Go to the next page (www.funfonix.com/worksheets/WorldMap) and see how you did. The different colors are listed in the legend. As you explore, you will see the different regions based on the type of terrain.
