

Depression Self-Care Action Plan

DEPRESSION IS TREATABLE!

➤ **Stay Physically Active.**

Make sure you make time to address your basic physical needs, for example, walking for a certain amount of time each day.

My Plan

I will spend at least _____ minutes (make it easy, reasonable)
doing _____ for _____ days next week.

➤ **Make Time For Pleasurable Activities.**

Even though you may not feel as motivated, or get the same amount of pleasure as you used to, commit to scheduling some fun activity each day- for example doing a hobby, listening to music, or watching a video.

My Plan

I will spend at least _____ minutes (make it easy, reasonable)
doing _____ for _____ days next week.

➤ **Spend Time With People Who Can Support You.**

It's easy to avoid contact with people when you're depressed, but you need the support of friends and loved ones. Explain to them how you feel, if you can. If you can't talk about it, that's OK- just ask them to be with you, maybe accompanying you on one of your activities.

My Plan

During the next week, I will make contact for at least _____ Minutes (make it easy, reasonable) with _____ (name) doing/talking about _____
_____ (name) doing/talking about _____
_____ (name) doing/talking about _____

➤ **Practice Relaxing.**

For many people, the change that comes with depression- no longer keeping up with our usual activities and responsibilities, feeling increasingly sad and hopeless- leads to anxiety. Since physical relaxation can lead to mental relaxation, practicing relaxing is another way to help yourself. Try deep breathing, or a warm bath, or just a quiet, comfortable, peaceful place and saying comforting things to yourself (like "It's OK").

My Plan

I will practice physical relaxation at least _____ times, for at least _____ minutes (make it easy, reasonable) each time during the next week.

➤ **Simple Goals and Small Steps.**

It's easy to feel overwhelmed when you're depressed. Some problems and decisions can be delayed, but others cannot. It can be hard to deal with them when you're feeling sad, have little energy, and not thinking clearly. Try breaking things down into small steps. Give yourself credit for each step you accomplish.

The problem is _____

My goal is _____

Step 1: _____
Step 2: _____
Step 3: _____
Date to complete by: _____

➤ **How likely are you to follow through with these activities prior to your next visit?**
