

SCIENCE

Thinking Like a Scientist

By Jenine Moore

I want to think like a scientist
Observing animals, earth, or sky.
I want to ask good questions
Wondering how, and what, and why.

I want to make smart guesses
Hypothesizing what might happen and when.
I want to do cool experiments
Testing my thinking again and again.

I want to write up all my data,
Recording pictures, charts, or words.
I want to think through all I've done
Drawing conclusions about what I've learned.

Wondering, asking, testing, concluding.
This is what scientists do.
If you want to think like a scientist
Then you must do them too!
