

How to Draw a Lop Eared Rabbit

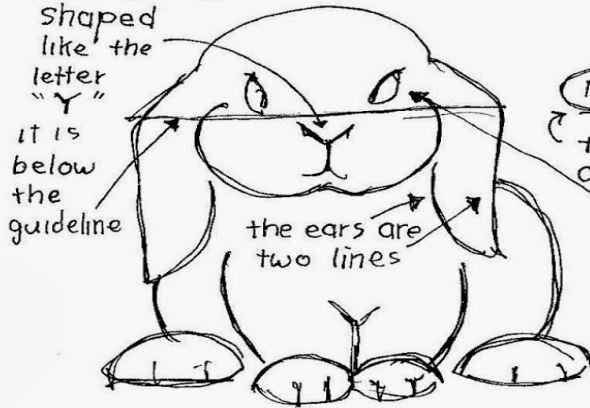

Start with a light pencil, like a 2B so you can erase later

the face has large cheek draw these as two large circles on the lower half of the head

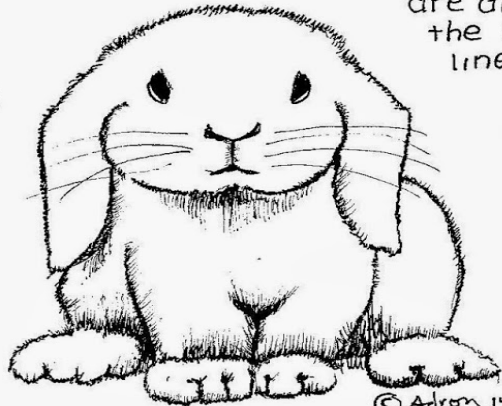

the nose is shaped like the letter "Y" it is below the guideline

the eyes are almond shaped, and are above the guideline

the eyes have a little bulge of skin underneath draw it as a line →

take your time with the fur - use short lines to outline the rabbit.
