## Rounding To the Nearest 10

(10, 20, 30, 40, 50, 60, 70, 80, 90, 100, 110...)

Use the number line below to round to the nearest ten.

- |                        |                          |
|------------------------|--------------------------|
| 1. 88 rounds to _____  | 5. 18 rounds to _____    |
| 2. 17 rounds to _____  | 6. 114 rounds to _____   |
| 3. 95 rounds to _____  | 7. 1,018 rounds to _____ |
| 4. 888 rounds to _____ | 8. 888 rounds to _____   |

Kim and Anna had a dispute about what Halloween costumes were the most popular. They surveyed students at TMS about what costumes they bought last year. Use their results to answer the following questions.

9. About how many children bought ghost costumes? \_\_\_\_\_
  10. Round to the tens place to find about how many kids dressed up as zombies? \_\_\_\_\_
  11. About how many students did NOT dress up as a zombie, ghost, or witch? \_\_\_\_\_
  12. Pretend kids buy costumes about the same this year as they did last year. What costume do you think will be most popular? \_\_\_\_\_
  13. Why? \_\_\_\_\_
- \_\_\_\_\_
- \_\_\_\_\_

Costume	Number of students in costume
Zombie	128
Ghost	187
Superhero	245
Animal	82
