

Word In Balance – The Population Paradox – Nova

AP Environmental Science – Mr. Baier

1. Answer the quiz questions –

<http://www.pbs.org/wgbh/nova/worldbalance/trends.html>

Keep “Score” of your responses. Write brief notes on key points from the quiz. Do BOTH the developed world and the developing world quizzes.

2. Watch the video. Discuss main points of the video. What surprised you most about the video?

3. Study the interactive maps. Each student or pair of students will done map, and make a BRIEF presentation to the class explaining the map. What are the implications of the information in the map?
