

Social Scientist SCOOT

Directions: There are cards spread out on each desk that will state a question or statement that relates to each social scientist. When you arrive at a desk read the card and write down which social scientist either studies or asks the information written on your card. Place your answer in the same numbered box below as the card you are reading. Look at the abbreviations below to see how to write your answer. When the timer goes off, SCOOT to the next desk. Be careful, you don't have a lot of time at each desk so really focus! Remember to fill your squares correctly! Double check which number card you are working on and labeling the correct box.

H= Historian P= Political Scientist E= Economist G= Geographer
