Com	parative	Ad	ectives

Name:	

Adjectives that are used to compare two people or two things have special forms. \* If the regular adjective has one syllable, add —er to the end to make the comparative form.

(Make the second consonant double if you have a consonant-vowel-consonant pattern word.)

\* If the regular adjective ends in y, change the **y to i** before adding — **er**.

\* For many regular adjective with two or more syllables, use the word **more** before the adjective and do not add —er.

\* Note these **irregular** forms: good becomes **better**, bad becomes **worse**, and far becomes **farther**.

## Write the comparative form of each adjective.
