

Creating a Robot

Draw these measurements:

The head is square: 5cm long and 5cm wide.

The neck is a rectangle: 5cm wide and 5cm long.

The body is a rectangle: 8cm wide and 12cm long.

The legs are rectangles: 5cm wide and 5cm long.

The feet are rectangles: 5cm wide and 4cm long.

The arms are rectangles: 5cm wide and 14cm long.

On the body draw a triangle, three sides of 5cm.

Inside the triangle, draw two buttons, squares: 5cm long and 1cm wide.

Measure and draw two of your own features to the robot.
