

Did you know that addition and subtraction are opposites?

So: if  $25 + 17 = 42$  then:  
 $42 - 17$  will equal 25 and:  
 $42 - 25$  will equal 17

Yes! Subby is right. Try putting the correct number in the box without doing the addition or subtraction sum:

1. If  $43 + 29 = 72$  then  $72 - 43 =$

2. If  $64 + 59 = 123$  then  $123 - 64 =$

3. If  $83 + 26 = 109$  then  $109 -$    $= 83$

4. If  $62 + 49 = 111$  then  $111 -$    $= 62$

Now try these:

5. If  $98 - 25 = 73$  then  $73 + 25 =$

6. If  $76 - 59 = 17$  then  $59 + 17 =$

7. If  $91 - 43 = 48$  then  $91 - 48 =$

8. If  $49 - 37 = 12$  then  $49 - 12 =$

Investigate: try writing your own sums like the ones above. If you want, you can check your results with a calculator.
