

ACROSS

- 2 A large sheet of ice formed in an area.
- 4 Any one of the seven largest areas of land on the earth's surface.
- 7 A large arm of an ocean or sea partly surrounded by land.
- 8 A large body of salt water smaller than an ocean.
- 10 A long, narrow land area lying between two areas of higher elevation.
- 11 A group or chain of islands
- 15 An inlet of the ocean or part of the ocean
- 16 A large area of land with little or no moisture or vegetation.
- 18 The largest area of water on the earth.
- 19 An elevated area of mostly level land.
- 20 An unusually high elevation rising steeply above its surroundings.

DOWN

- 1 A passageway of water connecting two large bodies of water.
- 3 A piece of land extending into the sea almost surrounded by water.
- 5 Earth that is dropped by running water when a river flows into the still water of a ocean.
- 6 A narrow strip of land located between two water bodies connecting two larger land areas.
- 9 An area of land, smaller than a continent, completely surrounded by water.
- 10 A cone-shaped mountain that has an opening in the earth's crust from which lava can flow.
- 12 A large stream of water which flows on the earth's surface.
- 13 The highest point of a mountain

- 14 A sudden drop of a stream from a high level to a much lower level.
- 17 A deep, narrow valley having high, steep slopes.
