

9-10-12 Internship posting

### **Agricultural Sciences at Walt Disney World**

The Agricultural Sciences Professional Internship Program is designed to provide qualified college students with the opportunity for hands-on work experience in the unique growing areas that are part of Living with The Land, an agricultural attraction at Epcot®.

#### **Responsibilities:**

In addition to maintaining the show quality of our growing areas, aquaculture systems and biotechnology lab, interns will spend a significant amount of time leading informative and interactive Guest tours through our facilities, along with promoting and selling these tours. Additional training sessions, classes and meetings will be scheduled throughout the semester. Other duties vary by discipline:

#### **Aquaculture**

Operate a recirculating freshwater aquaculture facility. Monitor filtration systems and water quality, assist in diagnosis and control of disease, and raise fish to marketable size for Walt Disney World® restaurants.

#### **Biotechnology**

Maintain a tissue culture production facility. Prepare media and culture a wide variety of plants. Then, collect, package and deliver the tissue-cultured plants to Epcot® merchandise locations.

#### **Entomology**

Become an integral part of The Land's Integrated Pest Management program. Rear and maintain insect colonies, release beneficial insects into greenhouse crops, and maintain entomology-related shows.
