2:50 pm – 3:10 pm

Introduction:

Welcome to (or welcome back) to Paul R. Smith Middle School. I am very excited about the upcoming year, as this is my first year at our beautiful school. I am eager to begin this year's journey within the context of "math."

Math is all around us, and we use it on an everyday basis, which makes this course vital to both your academic and social lives! I hope to provide a positive, fun and unique class experience that you will enjoy!

Materials:

- 1 - Holt Middle School Math
 - Course 2 textbook
 - Each student will receive a textbook to take and LEAVE at home. You are responsible for this text and any damages or loss of the textbook will result in a fine or fee up to the cost of a new textbook.
- 1 - plastic folder w/ 3 prong inserts
- 1 - calculator with square root capabilities
- 2 - #2 pencils everyday
 - No one is perfect! We are going to make some mistakes. We need pencils (not pens!!) so that we can erase our mistakes and correct them.
