

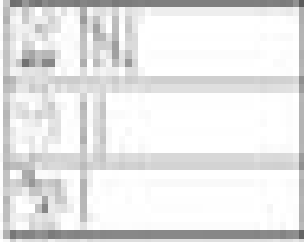

GRAPHING MATH JOURNAL PROBLEMS

	<p>How many horses will be needed for the baby chart? How many baby charts will be needed to show the farm animals?</p>
---	---

There are 5 horses on the farm. There are 8 more cows than horses. There are 9 more pigs than cows. How many pigs are there? Draw a picture graph to solve the problem.

On the table in the forest, Jerry saw 6 rabbits. He saw 8 more deer than rabbits. He saw 4 less birds than deer. How many birds did Jerry see on the table? Draw a picture graph to solve the problem.

	<p>Use this baby chart to create a bar graph in your math journal. Write a question about your graph and then answer it.</p>
