

# Area of rectangles and squares

Find the area of this rectangle

To find the area of a rectangle or square, we multiply length ( $l$ ) by width ( $w$ ).

Area =  $800 \text{ in.}^2$

$$\begin{array}{r} 73 \\ \times 25 \\ \hline 365 \\ +1460 \\ \hline = 1840 \\ 1840 \text{ in.}^2 \end{array}$$

Find the area of these rectangles and squares.  
You may need to do your work on a separate sheet.
