

## Area Model Multiplication: 2 x 2 Digits

**Step 1:**

$$27 \times 13 = \underline{\quad}$$

	20	7
20		
7		

**Step 2: Multiply**

$$27 \times 13 = \underline{\quad}$$

	20	7
20	200	60
7	70	21

**Step 3: Add**

$$27 \times 13 = 351$$

	20	7
20	200	60
7	70	21

$$200 + 70 + 60 + 21 = 351$$

1)  $54 \times 28 = \underline{\quad}$

2)  $62 \times 15 = \underline{\quad}$

3)  $95 \times 11 = \underline{\quad}$

4)  $72 \times 82 = \underline{\quad}$
