### Bar and Line Graph Worksheet

Determine which graph is best to use in the following situations. Then, draw the graph. Be sure to include all five parts of a good graph. (Use space below #4 on the back if you want to draw the graphs bigger.)

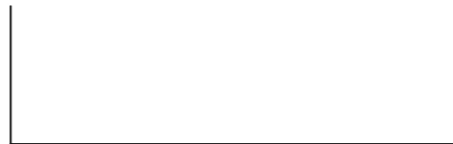

1. The Number of People Who Chose Harry Potter as Their Favorite Movie

November 05	498
December 05	421
January 06	259
February 06	110
March 06	593
April 06	24
May 06	2

2. People's Favorite Foods

Italian	38
Mexican	24
Chinese	11
Greek	18
American	5

3. Describe the best situation in which to use a Line Graph. You may give a specific example if it is easier.
