

I am learning my before and after numbers to 20.

I can play this game of 'bang' with a partner or someone in my family to help me learn these.

Rules:

- Cut up the cards and place in a container or face down on a flat surface
- Take turns drawing cards and answering the question as fast as possible
- If the person gets the answer correct they get to keep the card. If they don't their partner tries answering it, and if they answer it correctly they gets to keep the card.
- If the partner can't answer the question correctly, it goes in a "don't know it yet" pile on the floor.
- When a Bang! Card is pulled out of the container the person who drew it has to return all their cards into the container. The Bang! Card is placed in a separate pile on the floor.
- The game is played until all the cards are drawn, and the player with the most cards, wins.

1    _____	_____ 19	13    _____
_____ 18	15    _____	9    _____
14    _____	_____ 7	10    _____
_____ 11	2    _____	17    _____
5    _____	_____ 12	6    _____
_____ 4	16    _____	8    _____
_____ 20	3    _____	_____ 14
Bang	Bang	Bang
