Enter your Beginning Amount before booth sales start (to use for change) $_____

GROSS SALE (Total Amount on Hand minus Beginning Amount) $_____

_____# of Girls Participating in today's booth sale
The girls listed below participated in today's booth sales and will receive credit from the total boxes sold.

_____   _____

_____   _____

Below is an example of how to figure each girl's booth sales. Each girl's share/credit will be added to their total sales and will determine their awards at the end of the cookie sale. If girls spend different lengths of time at the booth, you may want to create your own method of fairly distributing credit.

"Total Boxes Sold" divided by "# of Girls Participating" = # Boxes to credit per girl who participated
