

V v

Trace the dotted lines to make the letter V!  
Then write your own V next to it!

Tracing row 1: A cartoon robot holding a pencil on the left, a large dotted uppercase 'V' in the center, a smaller dotted lowercase 'v' to its right, and another cartoon robot on the right. Below these are three horizontal lines (top, dashed middle, bottom) with dotted uppercase 'V's for tracing.

Tracing row 2: Three dotted lowercase 'v's spaced across three horizontal lines (top, dashed middle, bottom).

Tracing row 3: A dotted lowercase 'v' followed by a dotted lowercase 'v' on the left, and a dotted lowercase 'v' followed by the word 'van' on the right. Below these are three horizontal lines (top, dashed middle, bottom).
