

LINEAR MEASURE

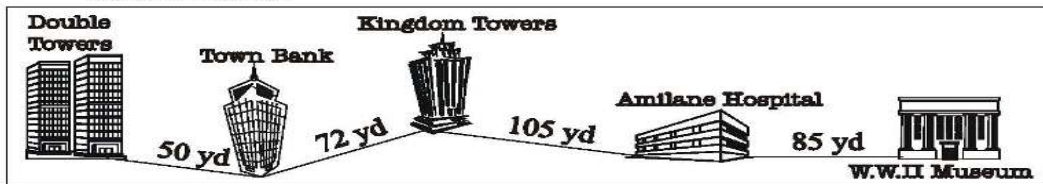

(Day #1)

*** Refer to Ghormley's garden.

- A.** Mr. Ghormley fenced in the peppers with 21.5 feet of fencing material. How many feet of fencing was needed on the unlabeled side?
- B.** Using customary measurement, measure the alligator to the nearest quarter inch.

- C.** What is the distance from the Double Towers to the Town Bank?

- D.** What is the distance in feet from the Double Towers to the Town Bank?
- E.** Jason measured the *circumference* of his tire to buy enough materials to retread it. How many inches of tread will he order?

- * B, C, & D
- ** A, C, & D
- *** A, B, D, & E
