

Project Proposal Worksheet

Student: _____

Career / Academic / Personal Goal or interest

Project idea:

What do you need to know. Consider the learning stretch you will attempt. The project should be challenging.

Describe the skills you have, or can learn, which will help you achieve success in your project.

Resources: List printed or online materials, people, or classes that can help you achieve a successful project.

What are possible expenses for your project? How will you fund it?

Consider the time factor involved in your project. Remember - The required 20 hours for the project are above and beyond the school day.

Next step: Write up the proposal letter and give to Advisor for approval
