

1 **Why?**

Making Connections

Good readers make connections to

a text using prior knowledge.

text-to-text	show one piece of text reminds you of something else you've read
text-to-self	show a piece of text reminds you of your own life
text-to-world	show a piece of text reminds you of the outside world

2 Types of Connections

text-to-self		
text-to-text		
text-to-world

The connection connection

Draw a line from each connection the reader has to the type of connection it is on the right.

<p>The game reminds me of a story that I read last week!</p>	text-to-self
<p>It is so sad to see that of the rain I love flowers in the summer.</p>	text-to-world
<p>It says here they found a dinosaur from 2000. I have done that every 4</p>	text-to-text
