

Name: _____ Date: _____

3rd Grade Math

Multiplication to find the answer.

$7 \times 50 = \square$

$1 \times 70 = \square$

$6 \times 50 = \square$

$5 \times 40 = \square$

$5 \times 10 = \square$

$4 \times 40 = \square$

$8 \times 70 = \square$

$5 \times 70 = \square$

$2 \times 50 = \square$

$3 \times 80 = \square$

$9 \times 40 = \square$

$7 \times 20 = \square$

$6 \times 60 = \square$

$7 \times 80 = \square$

$4 \times 50 = \square$

$4 \times 10 = \square$

$9 \times 90 = \square$

$5 \times 80 = \square$

$4 \times 20 = \square$

$3 \times 10 = \square$

$2 \times 60 = \square$

$5 \times 90 = \square$

$2 \times 90 = \square$

$8 \times 20 = \square$

$7 \times 10 = \square$
