

Student Project Sheet  
**NUMBER THE STARS**

**Product Description:**

These student project sheets are designed to enhance creativity and understanding. They include cross-competency activities that will allow students who have various abilities and interest levels to be successful. Projects are divided into six categories: presentations, art/graphics, writing projects, dramatizations, technology, and other. Each project may be done individually or in groups. They are high motivation, high impact, and high imagination oriented.
