

JANE'S FAVOURITE PROGRAMMES

Jane's favourite programme is Big Brother. It is about several people living in a house together with their own day problems and no privacy at all. I think it is a very interesting social experiment. She doesn't like documentaries because she thinks they are boring. She likes romantic films and comedies but she doesn't like action films or violent films. She thinks she needs a good soap but she doesn't like them because she gets annoyed. She also likes other soaps to be a millionaire because it is very exciting and funny. Jane also likes sports and she plays football every day. You can think it is strange that she is in a football club and they compete in a league. When she is at home and finishes her homework, she likes watching TV for a while. She also likes helping her mother in the garden. She always waters the flowers. She has got a dog and she walks it every day. At the weekend she likes going to the swimming pool with her friends. She says that she likes doing a lot of things. All right she goes to bed she has time to read two or three pages of a good book. In my opinion, Jane is a very busy girl.
