

Christmas Paragraph Writing

Decide on your topic and then you need at least 3 supporting details with a finishing or concluding sentence.

Example:

The Best Christmas Present

I really like to draw and paint. Although I like markers and crayons, paints are my favorite! With paints, I can make my picture look real. One thing I like to do with paints is to smudge them a bit to blend my colors. You can imagine my surprise when I opened a brand new box of paints last Christmas! Now my pictures will be better than ever!

In the example, there is a topic sentence, 3 supporting sentences and a concluding sentence.

Try a paragraph on your favorite Christmas gift. *(What was it, when did you get it, why did you like it?)*

Gift: _____
