Adding Doubles + 1

Follow these steps to solve **doubles plus one** problems.
1. Circle the smallest digit in the problems.
2. Double the smallest number.
3. Add **1** to the answer.

Example: 4 + 5 = _____
1. Circle the smallest digit.   ④+ 5 = ____
2. Double the smallest number.   4 + 4 = _8_
3. Add 1 to the answer. 8 + 1 = 9

5 + 6 = ____	8 + 9 = ____	4 + 3 = ____
5 + 5 = 10	8 + 8 = ____	3 + 3 = ____
7 + 8 = ____	6 + 7 = ____	9 + 8 = ____
_____	_____	_____
5 + 4 = ____	6 + 5 = ____	2 + 3 = ____
_____	_____	_____
