

Seeing seeds

Observations

Many plants produce flowers. Part of the flower becomes a fruit. Many types of fruit are good to eat. You often find seeds inside fruits. There are many types of seeds. When seeds are planted, they grow into new plants.

Science activity

These fruits have been cut in half. Find the seeds, and color them in.

Science exploration

⚠ Take extra care - ask an adult to supervise you.

Bean seeds grow inside of a bean pod. Soak 2-3 bean seeds overnight. Plant them in some potting soil. Draw what you see each day.
