- On a 1- 100 number square start at 8 and count on in eights. Circle or colour each number you land on.
- What do you notice? Is there a pattern? Describe the pattern.
- Practice counting forwards and backwards in eights, starting at different numbers.
- On the same grid, starting at 4, count on in fours. Circle or colour (in a different colour) each number you land on.
- What do you notice? Is there a pattern? Describe the pattern.
- Write down the numbers that you have shaded twice?
- What can you say about the pattern of numbers that you have shaded twice?
- Take another number square and starting from a different number (eg 2), repeat the above. Practice counting on and back from this new starting position.
