

Baker's Hat Craft

Use the circle template to cut three circles

Use the rectangle template to cut one rectangle.

The three circles will be aligned together to make the top part of the Baker's Hat
They then will be pasted on top of the rectangle.

Make a headband by cutting strips of paper and gluing them to the paper hat

The finished product is shown below.

This project should teach the children arts & crafts, shapes & counting. (count the shapes)
