Part of Me

John Lennon

John Lennon

(a) Complete the song with the words below.

love - like - get - better - than - feel (to) - give (to) - where (to) - when -  
own - how - you - going - should - something - except

Imagine that I want to  
 \_\_\_\_\_  
 Make my life and wish in your shadow  
 \_\_\_\_\_  
 (Give you) hand me up and  
 \_\_\_\_\_  
 Like I see \_\_\_\_\_  
 your mouth  
 You took my light, you showed me  
 \_\_\_\_\_  
 But that was then and this is now  
 How \_\_\_\_\_ of me  
 That is the part of me  
 That you're never  
 \_\_\_\_\_  
 away from me, no  
 That is the part of me  
 That you're never  
 \_\_\_\_\_  
 away from me, no  
 Through your smile and your eyes  
 But you're not  
 \_\_\_\_\_  
 and  
 That is the part of me  
 That you're never  
 \_\_\_\_\_  
 away from me, no  
 I just \_\_\_\_\_  
 my whole way  
 Find out when is really there for me  
 \_\_\_\_\_  
 be off, you're like you were  
 What about feeling of the world  
 I feel \_\_\_\_\_ and  
 you let me down

But that was then and this is now  
 How \_\_\_\_\_ of me  
 (Given)  
 That is the part of me  
 That you're never gonna ever take away  
 from me, no  
 That is the part of me  
 That you're never gonna ever take away  
 from me, no  
 Through your smile and your eyes  
 Through your smile and your eyes  
 But you're not gonna hand me out  
 That is the part of me  
 That you're never gonna ever take away  
 from me, no  
 How \_\_\_\_\_ of me,  
 It's something  
 A thousand, a thousand times  
 You can't ever get me out  
 \_\_\_\_\_  
 It's \_\_\_\_\_ of me  
 Do you ever help me  
 \_\_\_\_\_  
 It don't mean nothing anyway  
 In fact you can leave  
 \_\_\_\_\_  
 That's good  
 \_\_\_\_\_  
 (Given)  
 That is the part of me, no  
 away from me, no  
 That is the part of me, no, no, no... no  
 Through your smile and your  
 \_\_\_\_\_  
 Through your smile and your eyes  
 But you're not \_\_\_\_\_  
 breaking my smile That is the part of me, That  
 you're never \_\_\_\_\_  
 ever take away from me, no
