### My Neighborhood Map

Directions: Draw a map of your neighborhood. Think about what types of homes and businesses are in your neighborhood. Draw and label the roads and use symbols to show the schools, playgrounds, and other community features you have.

The form is a large rectangular area with rounded corners, outlined in black. In the top-left corner, there is a compass rose with four main directions labeled: N (North) at the top, S (South) at the bottom, W (West) on the left, and E (East) on the right. In the top-right corner, there is a smaller rounded rectangular box with a light gray background and a black border, labeled "Map Key" at the top. The rest of the large box is empty, intended for the student to draw their neighborhood map.
