

Name: \_\_\_\_\_

**Directions:** As you read *When the Fly Flew In...* by Lisa Westberg Peters, look for action verbs (things the animals were doing). Find three action verbs for each animal and write them in the animal's section below (one action verb in each slice).  
*Bonus: Add a picture to illustrate the action.*

*example:* When the fly flew in, the dog opened an eye.  
Open is an **action verb**. It is something we can do.
