Unit: Children in World War II

### Emily's Letter:

Read the following letter written from a girl who was evacuated in World War II.

Dear Mummy,

I miss you a lot. The train journey was very squashed.

The house I am staying in is nice. There are two other children staying here too. They got evacuated from Portsmouth.

I don't like my school. It is very small. There are 12 children in my class. I like my teacher. Some of the children bully me. A boy got the cane for being naughty.

I like milking the cow on the farm and Mrs. Kelly lets me carry the milk in the bucket. She is teaching me how to knit too.

How is Daddy? I hope the war ends soon.

I miss you and Daddy lots.

Love from, Emily
