

Fossil Record Worksheet

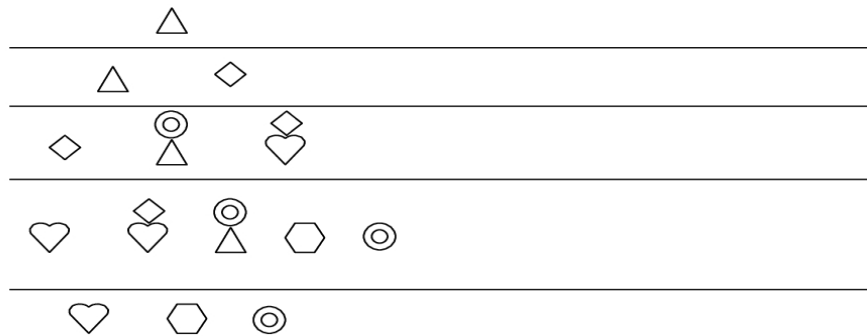

Name _____ Per. _____

Part A For each of the following fossil records, indicate the areas of speciation, extinction, or both. Then connect each species to the one it originated from to form the evolutionary tree.

Fossil Record #1

Fossil Record #2

Part B Create your own fossils using any shapes you like. Be sure to follow the speciation/extinction guidelines. Your fossil record must include at least 10 different species.

Fossil Record #1

Extinction _____

Speciation _____

Speciation/Extinction _____

Speciation _____
