

# Prefixes

Can you reassemble the words below by adding a prefix to each root word?

**Remember:** A prefix is a group of letters added to the beginning of a word to change its meaning.

es-      mis-      co-      non-      anti-

take      freeze      ordinary  
lead      change      behave  
place      port      clockwise      send  
operate

- mis- misbehave
- non- \_\_\_\_\_
- ex- \_\_\_\_\_
- co- \_\_\_\_\_
- anti- \_\_\_\_\_

Can you make any more words by using the same prefixes with different root words?
