

Let's go 1

Reading comprehension

Rob is a twelve year old boy, he likes to play with his blue robot in his house in the morning. Later, he has lunch with his mother, they eat roasted chicken. In the afternoon he goes to school with Vicky. She has a red school bag and a big green pencil case. Vicky is thirteen and has one brother. In class they do a puzzle and listen to the teacher.

1) How old is Rob?

2) What color is Rob's robot?

3) Describe Vicky's pencil case

4) Who does Rob have lunch with?

5)How many brothers and sisters does Vicky have?
