Colour the map: 1 blue, 2 green, 3 brown.
 The blue areas are water.
 The green areas are good for farming.
 The brown areas are the deserts.

THE PYRAMIDS

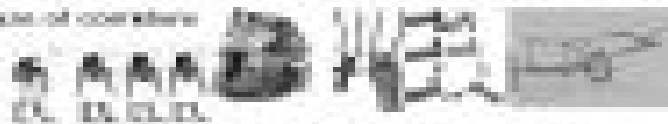

There are over 100 pyramids in Egypt.

The pyramids are made built for the kings and queens (the pharaohs) of Egypt.

In the Royal Tombs there are rooms full of treasures (gold, jewellery and perfume) inside the pyramids there is a maze of corridors and many passages on the walls.

Pyramids are made from blocks of limestone.

The sphinx has got a lion body and a pharaoh's head. It is located in Giza. People call this statue a guardian.
