

Fun in the Winter Snow

It is winter. It is very cold. Mary and Tom are playing in the snow. They are wearing winter clothes. Mary is making a big snowball. Tom is making a smaller snowball. The snow is white and soft. Mary is wearing a yellow coat and orange hat. Tom is wearing a blue coat and red hat. They are having fun.

There is a big snowdrift. There is a small snowdrift. The snow is everywhere. The trees are bare. They are playing with Mary's dog, Dolly. Dolly is running and playing. There are few leaves on the trees. This is Mary's house and the other house is John's house. The big house is orange. The house down the street is blue. Mary and Tom are playing in the snow. They love to be outside in the winter. They also make big snowmen with carrot noses. Down the street is a little hill where they play with their sleds. It is fun. When they get tired they go inside and drink a hot cup of hot chocolate. That is the best thing about winter.
