

Name: _____

Middle School Level Test - Grammar

Sometimes the same word can be a noun, verb, or adjective, depending on how that word is used. Study the five underlined words in each sentence and choose if they are nouns, verbs, or adjectives.

1. She was not there for the party, even though she loved it.
2. The student stopped when she reached the door.
3. The test was a good and important part to measure my grades and test score.

Write the two underlined words in each sentence and show if they are nouns, verbs, or adjectives.

4. The assignment was not as easy as it seemed to be.
5. Even though the test was hard, she passed.
6. My doctor said it was enough to stop all the part to the doctor test.

Which sentence is correct?

7. I have finished your homework. There.
8. I have finished your homework. There.
9. I have finished your homework. There.
10. I have finished your homework. There.

Synonyms are words that have the same or similar meanings. Write the highlighted word in each sentence, underlined, and identify its synonym.

11. The teacher in the classroom was very impatient with the students.

12. The teacher in the classroom was very impatient with the students.
13. The teacher in the classroom was very impatient with the students.
14. The teacher in the classroom was very impatient with the students.

Choose the right preposition.
