

Arriving Late To Class

Mr. Johnson's class was very noisy and unproductive. Mr. Johnson decided to try a different approach. He decided to use the "Classroom Management System" (CMS) to help him manage the classroom.

The Case of John and Mr. Johnson

John was a student in Mr. Johnson's class. He had been in the class for a long time and was very familiar with the classroom. He had been in the class for a long time and was very familiar with the classroom.
