### Map Scales

# How Far Is It?

Use ruler on the map scale to find the distance between student's house!

1 inch = 10 miles

How many miles is Tom's House from Dan's House?

How many miles is Jeny's House from Julia's House?

How many miles is Julia's House from Bruce's House?

Who lives between Dan and Randy?

Which is longer: going from Tom's House to Dan's House or Bruce's House to Julia's House?
