

Pondering Plumbing Possibilities

<p>1</p> 	<p>2</p> 	<p>3</p> 	
<p>4</p> 	<p>5</p> 	<p>6</p> 	
<p>7</p> <p>Use <i>shadows</i> to push the back tubes away from the near tubes. <i>Contour</i> lines are very important to curve the surface of the tubes so they look really round and 3-D. I used the template of four tube pieces at the bottom of the picture to create my Tube City. Why don't you keep adding on to it until you fill your entire paper?</p>
