

Review: (3.MD.3) Use the data table to complete the bar graph.

Catherine surveyed the 3rd grade students to find out their favorite drink choice. She created a table with her results.

Drinks	Water	Soda	Juice
Number of Students	20	35	15

1. What interval was used for this scale? _____
2. Which drink choice was most popular among 3rd grade students? _____
3. How many more students chose soda than juice? _____
4. How many students participated in this survey? _____

Review: (3.NB.T.2) Solve. Use the space provided under each problem to show your work.

$306 - 278 =$ _____ 	$754 + 828 =$ _____ 	$800 - 207 =$ _____
