

Library Worksheet - ITEE

BUIL1007 - Construction Management

UniSA Library ITEE first year workshop

This workshop is a guide to using the Library's website, together with a strategy for searching the catalogue, databases and the internet to find books, journal articles and other documents for your assignments.

Work through the online [ITEE first year workshop](#) and answer the questions below as you go. The bottom of the page in each section of the workshop refers you to the relevant question to be answered in this worksheet. Wherever you see the computer symbol  on this worksheet you are required to enter the answer to the question.

The workshop can be accessed from the Assignment help link on the Library's homepage <http://www.library.unisa.edu.au/resources/vl/itee/assignment.asp>. Go through this online workshop and present the completed worksheet for formative feedback in tutorial in Week 2.

ITEE first year workshop

Name: _____

ID: _____

Library website

1. Which pillar on the website refers you to Library resources?

Your assignment topic

Write your assignment topic here:

Create a search plan

Identify keywords
